HEAVY DUTY STEERING WHEEL SPINNER

Item # 70362, 70363, 70364, 70365, 70366, 70367, 70368

Instruction

1. The recommended mounting positions are 10 o'clock for left handed person, or 2 o'clock for right handed person.
2. Position the bracket on the steering wheel rim with the spinner toward the inside of the steering wheel as shown. Use the rubber spacers to accommodate different grip diameters for the tightest fit.
3. Use two wrenches to tighten the stem & nut securely.
